May God be with you.
I am Mrs. Wendy Jane Williams from South Africa. My doctor told me that my days are numbered and I would not last 4 months due to Breast cancer and kidney failure problems. I will be going in for an operation soon. And I have a transaction with a high amount of value of US$30.5Million which I would like to donate for charity work to you for the good work of God, to set up a foundation for the Orphanage, widows and the needy in the society.I will provide you more details after knowing your willingness to handle this fund with fear of God. Kindly contact me for further discussion.

Thanks and God bless.
